

United Way of Weld County

Major Contributors, Investors, Grants and Contracts 2020 - 2021

In connecting individuals, businesses, foundations, and public and private organizations for shared effort, United Way of Weld County leads the community to solve the greatest challenges faced by our most vulnerable neighbors. Thank you to our most generous and reliable investors! Through United Way, together we are building a better Weld County, one where children are reading to learn by the start of fourth grade, youth are working at good jobs by age 25, families have stable housing, older adults are aging well, and people are connecting to the help they need.
