

WELD COUNTY'S EARLY CHILDHOOD COUNCIL

ANNUAL EVALUATION

JULY 1, 2022-JUNE 30,2023

Executive Summary

Weld County's Early Childhood Council (WCECC) works to create an environment where all children are valued, healthy and thriving. The WCECC is a community partnership dedicated to improving the wellbeing of all children in Weld County focusing on the critical growth and brain development period from pre-birth to eight years of age to promote school readiness and lifelong success.

WCECC is a community collaborative that was formed in 2000 and is led by United Way of Weld County (UWWC). This concept of collaboration originated after the Colorado Children's Campaign presented their annual "Kids COUNT!" report to community members in Weld county; their findings demonstrated continuing decline in wellbeing of Weld County's children and the urgent need for action. At the same time, United Ways all over the world were changing their model from raising and distributing funds to bringing local communities together to tackle their greatest challenges. United Way of Weld County leaders recognized the opportunity to coordinate a focused collaborative effort to make real changes for young children.

In 2007, Colorado House Bill 1062 authorized the creation of Colorado Early Childhood Councils. The intent of the Councils as stated in the legislation was to "improve and sustain the availability ,accessibility, capacity, and quality of early childhood services for children and families throughout the state." According to the legislation, these Councils were established "for the purpose of developing and ultimately implementing a comprehensive system of early childhood services to ensure the school readiness of children five years of age or younger in the community." Weld County's commissioners, having witnessed the work this UWWC-led collaborative had accomplished over the past seven years, endorsed it to serve as Weld County's Early Childhood Council.

Description of Goals

Long-term indicators of success includes:

- Local resources for health, development, mental health, education and family support are easily accessible for Weld County families.
- Weld County community partners actively participate to form a safety net of services that ensures all children and their families receive the help they need.
- Early childhood professionals receive training opportunities in best practices to increase their knowledge, skills, and quality of care provided.
- Weld County children enter school ready to learn and continue to succeed as they progress, as demonstrated by critical milestones of reading proficiently by fourth grade and graduating on time.

As we work toward these long- range goals, short-term goals for our 2020-2025 strategic plan include:

- Family Support and Education: Increase coordination of resources to provide access to information about young children’s overall wellness and development for parents.
- Health and Wellbeing: Work with community partners to increase awareness of nutrition, physical activity, and mental health services available in the county.
- Community Awareness and Advocacy: Link public engagement/awareness efforts about early childhood issues, priorities, and challenges, and share/implement with stakeholders.
- Early Learning and Development: Outreach to informal and formal care environments to promote school readiness for all.

Statement of Progress

- Family Support and Education: Increase coordination of resources to provide access to information about young children’s overall wellness and development for parents.
 - 103 caregivers were given support on a wide spectrum of skills necessary for raising a well-developed child through our Bright by Three program.
 - 319 new car seats were distributed to caregivers who participated in safety classes.
 - 17 Partners are now members of the Covering Weld Diaper Bank
 - 486,996 diapers and 14,444 packages of wipes were distributed by the diaper bank and it’s partners
 - 33 families were referred to early literacy, safety, or parenting support programs by Family Support staff.
 - \$82,500 of funding was secured from the State of Colorado thanks to Senate Bill 21-027.
 - The Northern Colorado Children’s Festival was cancelled this year, due to staff capacity.
 - 15 families received support through their employer offsetting the cost of child care. This affected 16 children in child care at 9 programs.
 - 400 families have received hygiene items and/or clothing.
 - 932 children received age appropriate books
 - 71 families were educated on safe sleep.
 - 2,219 contacts were made through 211 Colorado in Weld County and the other seven northeast Colorado counties, a decrease from 7,960 contacts in the previous year, 211 Colorado connects families to multiple resources including child care, housing and food support, utility assistance, and more.
- Health and Wellbeing: Work with community partners to increase awareness of nutrition, physical activity, and mental health services available in the county.
 - Over **40** community partners, child care providers, parents and businesses sit on the early childhood council and various committees to ensure alignment, address gaps in service and to keep each other informed.
- Community Awareness and Advocacy: Link public engagement/awareness efforts about early childhood issues, priorities, and challenges, and share/implement with stakeholders.
 - The Roadmap4Kids 1,713 website hits, which is down from 3,448 last year.
 - 2,550 Roadmap4kids materials were distributed to 29 partners and their clients.
 - Over 5,000 School Readiness Calendars (In English and Spanish) given to parents of three and four year olds to help them be prepared for kindergarten, which is up from the 2,000 last year.

- Early Learning and Development: Outreach to informal and formal care environments to promote school readiness for all.
 - There are 284 licensed child care providers in Weld County (Net increase of 8 providers from the previous year, +2 CCC, +2 FCCH, +3 PRS, +1 SACC)
 - 20 new family child care providers opened their doors for business (meaning we lost a total of 18 over the year)
 - WCECC works to increase quality in child care environments to promote school readiness for all. Colorado Chins is the quality rating improvement system for all licensed child care providers. In Weld County: 10 providers are a level 5, 22 are a level 4, 4 are a level 3, 75 are a level 2, and 173 are a level 1.
 - \$503689 in capital improvement, quality improvement materials, and quality improvement coaching was awarded to 68 licensed child care providers in 15 zip codes up from 59 programs in 12 zip codes in prior year.
 - 256 hours of child care professional development clock hours were facilitated through 5 EQIT training courses and the Building Blocks Conference.
 - 121 individuals completed the Expanding Quality in Infant and Toddler (**EQIT**) care of which 49 were in our course in Spanish
 - Building Blocks Child Care Provider Professional Development and Appreciation was held June 3rd
 - We had 9 excellent speakers (2 keynotes) and 3 different breakout sessions, offering 6 PD hours, 2 sessions were held completely in Spanish with English translation available, all other sessions were held in English and offered Spanish translation.
 - We also had 11 different vendors that offered different information and resources to child care providers, we also had 6 different businesses/ agencies donate door-prizes for our participants including \$250 and \$100 gift cards for quality improvement supplies, curriculum, and learning materials.
 - 161 participants registered and 128 attended. Of the 128 that attended 39 were Spanish speaking and used interpretation services(30%).
 - 70% (221) children who utilize CCCAP are currently receiving child care in a high quality program (level 3-5).
 - 37 providers caring for 106 children graduated from two cohorts of the PASO Institute.
 - To date, 221 Weld County providers have graduated from PASO
 - 11 PASO providers applied for and received their Child Development Associate (CDA) credential

Weld County Early Childhood Council Annual Evaluation

The goal of the WCECC annual evaluation is to improve and build a seamless system between parents, families, child care providers, and service providers to deliver early childhood services in areas of early care and education, family support, mental health, and health.

The annual WCECC survey was sent out in May and June to assess the council's impact, partnerships, infrastructure, ability to meet strategic goals, and ensure our services are what those we are serving need. The survey was sent out to 60 council members with a response rate of 38%. A separate survey was sent out to Licensed Child Care provider, with a 24% response rate. Key results are below:

In your opinion, how successful has Weld County's Early Childhood Council been at reaching our goals? To review the goals and strategic plan click [here](#).
23 responses

Please indicate any positive, successful outcomes of Weld County's Early Childhood Council's collaborative work in the community include or could potentially include. Check all that apply.
23 responses

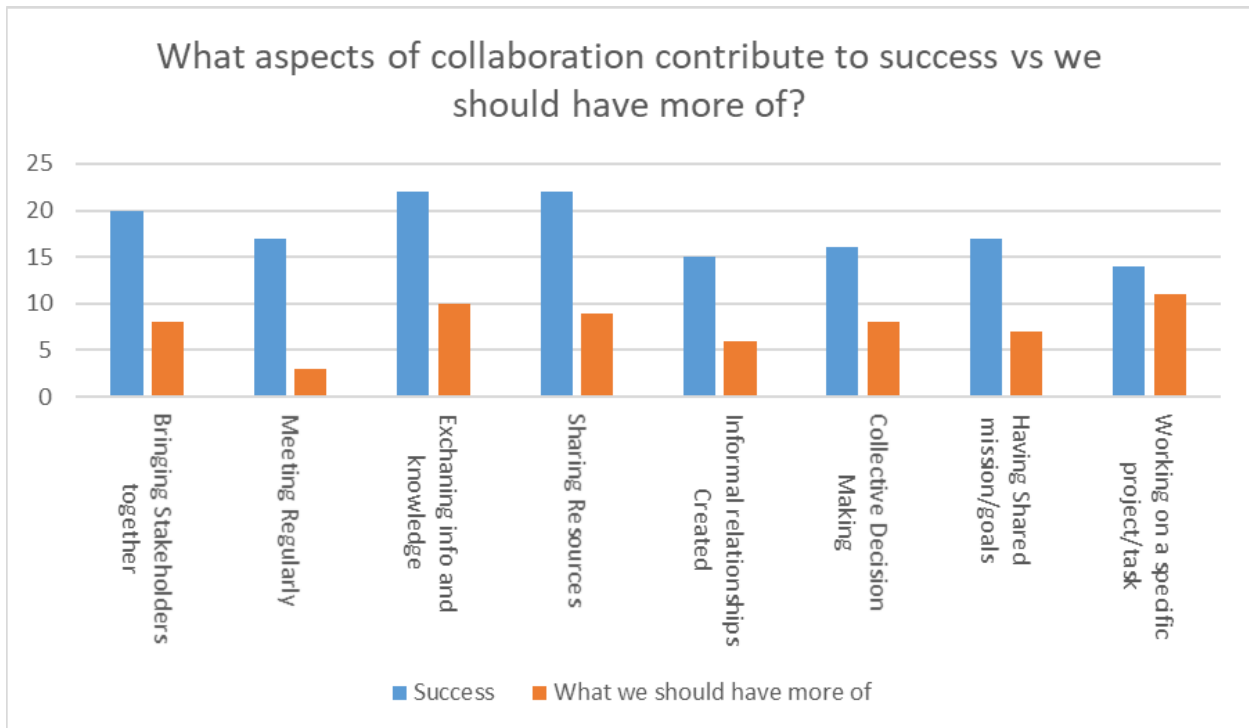

What do you feel is Weld County's Early Childhood Council's most important outcome? Check all that apply.

23 responses

“Other” answers included:

- Increased teacher pay
- The importance of communication with partnerships and consistency.
- A school readiness metric to determine if efforts being made are successful.
- The impact of Universal PreK has been significant and may need to be recognized as it changed our original priorities

Please rate your perceived effectiveness of Weld County's Early Childhood Council in enhancing communication between partners and/or early childhood stakeholders:

Success Stories

- We have been able to bring in partners into the community and provide PD for staff next school year because of connections from the council.
- Thank you for the grants and the connections made through Weld County Early Childhood Council
- The collaboration with our school district preschool program & Lisa Sadar. Her work to help us obtain the Quality Improvement grant to improve our level of quality has been positively impactful!
- I'm a home provider, so I share everything I learn with fellow licensed providers.
- Contractually, DHS has success in providing funding for child care professional development, health and safety, plus recruitment handoffs.
- SRA (Summer Reading Adventure)
- Have not shared through Child Welfare; however, we do pass out materials from the council

Child Care Provider Results

How long have you been in the field of Early Childhood?

56 responses

46.3% of respondents have been in this field for over 20 years!

Please check the ways in which you interact/participate with Weld County's Early Childhood Council efforts:

Is there anything that should be included in the Strategic plan/ goals that is not currently

-Positive outreach to licensed providers

-I believe that WCECC works hard with the resources they have. I personally know how hard it is to support the large number of providers they need to, while recruiting additional providers, all while working understaffed.

-financial assistance to pay staff more- operations support

-I think more staff

-Respond to emails in a timely manner and provide correct phone numbers to be reached

-I feel we need help running the business side of things. This would improve our mental health and give us a higher ability to run a more efficient daycare with more affordable rates for families as we become more organized. Id love to learn to cut corners without cutting quality.

-Advocate for private centers.

-We need a specific contact for CCAP, questions or support line available.

-Help with licensing questions as licensing consultants are normally too busy

-In my opinion more support after to get the license as child care to keep improving, sometimes is confusing what is next? I will like to have advices how to get to the next step to improve my service

-More support and knowledge for centers

-I really miss having networking meetings with other early childhood directors

-I love what you have done to help

-More training opportunities for early childhood people

Success Stories

- When I was a new provider the WCECC helped set up our backyard for all the children. New toys. Fall zones from rubber mulch, it was incredible and only able to be enjoyed by the children for 10+ years and still going because of WCECC! THANK YOU
- The council made the licensing process go very smoothly for me and they are helping me a lot.
- I was able to obtain my childcare license and it was because of the people there!! (*THERE WAS A LOT OF THESE)
- Being able to proactively problem solve over a child in my care that needed more assistance than was provided.
- With their assistance I have been able to achieve my Colorado Shines Level 2 and coaching for Level 3-5. I have also received assistance and guidance for applying for grants to build a much better playspace for my family home childcare.
- I have met some amazing providers who care about me and my success
- The conference was phenomenal.
